

Noah's Ark:

① Look at the 3rd line.
We need another "bear" on the right side.

② Look at the 1st line.

We know $B + 2S = 2K$ ①

③ Look at the 2nd line.

We know $2K + 4S = 2B$ ②

$$B + 2S = 2K$$

Sub ① in ②

$$2K + 4S = 2B$$

$$B + 2S + 4S = 2B$$

$$B + 6S = 2B$$

$$6S = B \quad \checkmark$$
